London, July 21.—Mrs. James B. Eustis, the wife of the former United States ambassador to France, who, with Mrs. Linda Thomas, of Philadelphia, was the guest of honor at a dance attended by most of the "exclusive people" in London. This, despite the fact that they were "old-school" Americans, and that the Anglo-American "division," a combination of English and American women who have endeavored to hedge their way into the society life of London have discovered that it is not so easy for a woman to be accepted in London as it is for an American woman to be admitted to British society without the sponsorship of the "division." The action of the smartest young men in town, who arranged the dance for Mrs. Eustis and Mrs. Thomas, astounded the "division" as they have never been astounded before.

Men Pay Homage to Mother's Friend

"I am not surprised to observe the number of men who come in the store to purchase 'Mother's Friend,'" remarked a leading druggist.

It is a happy thought to send a man a box of 'Mother's Friend' as a gift. 'Mother's Friend' is applied externally to the abdominal muscles.

It is a gentle, soothing lubricant, penetrates to the finetwork of nerves beneath the skin and has a marked tendency to relieve the muscular strain to which these broad, flat abdominal muscles are subjected. The cords, tendons and ligaments are thus permitted to stretch without the corresponding surface strain so often involved during the period of expectation. This in part accounts for the entire absence, in many cases reported, of nausea, morning sickness and other distressing, such as location of the epidermis so often the case when this gentle form of lubrication is neglected.
